

# 2019 FACT SHEET AND PLANNER

## DERMATECH (PTY) LTD

<b>Short Learning Programme Title</b>
<b>Basic &amp; Advanced Colouring</b>

### 1. Type of Programme

- Short Learning Programme (SLP)

Short programmes upgrade skills and knowledge to ensure success in a chosen field of learning, but are not credit bearing.

### 2. Description

The Short Programme in Basic & Advanced Colouring will enable the student to:

- Explain colour and the selection of hair colouring in relation to hair services.
- Conduct a client consultation for a hair colour service.
- Perform a temporary, semi/demi and permanent hair colour service (including tinting, highlights and lowlights).

The purpose of the Short Programme is to equip the student to work in the Hair Industry. With experience there is the possibility of applying to board the cruise ships as a Hairdresser as well as the potential to start one's own business.

### 3. Admission requirements

- Knowledge, comprehension and application of English language and Mathematical literacy at Grade 9 or equivalent.
- Beneficial to be employed at a Hair Salon.
- Admission may be subject to an interview with an academic staff member.

### 4. Duration

The programme duration is 50 hours, including practical, theory and case studies. Theory is completed in a self-study manner, while practical training is face to face and case studies are completed in a private capacity (the Dermatech salon may be utilized for practice or case studies upon request of the student – booking is essential). Dermatech tuition is scheduled at specific times of the year. Programmes are offered during week days. The programme requires learners to have live models to demonstrate knowledge and understanding of performing a hair colour service to be completed within practical training as well as for further case studies. Case studies need to be completed within 4 months from practical training completion. An assessment date will be scheduled after the completion of the required hours. After successful completion of the assessment, certification will take place.

### 5. Textbooks and study material

All prescribed material is included. A list of student material and textbooks if necessary will be provided by Dermatech campus academic department.

### 6. Pricing

Enquire at your nearest Dermatech campus for a current programme pricelist.

#### 7. Additional costs

Due to the nature of the hairdressing industry, existing hairdressers might have their own kit available, therefore hair kits are priced separately to the training. Students must make provision for kit items such as a tint bowl, tint brush, gloves and cape (full kit list available upon request).

Please note that having the full list of kit items is compulsory and necessary for training to occur.

#### 8. Syllabus

The following topics are covered in this Short Programme:

- Theory (Self-Study)
  - Different options to change colour
  - The law of colour, colour wheel, levels of colour and colour tones
  - Natural hair colour, gray hair and other hair considerations such as texture porosity, etc.
  - Hair colour chemistry
  - Different colour categories, such as temporary, semi/demi, permanent colours and peroxide strengths
  - Degrees of hair lightening and hair toning
  - Advanced colour application techniques such as highlights on- the-scalp lightening, slicing and block colouring
- Practical
  - Prepare the client and workstation for a colour.
  - Conduct a client consultation.
  - Skin, scalp and hair are analyzed in accordance with organizational requirements for a colour service.
  - Colour charts are used in consultation with client to select a suitable colour.
  - Perform a temporary, semi/demi and permanent hair colour service.
  - Colour is applied in accordance with manufactures instructions and client analyses.
  - Highlights, on- the- scalp lightening and advanced colour application techniques are performed.
  - The final colour result is confirmed on dry hair in line with client requirements.
  - Colour is emulsified and removed at the appropriate time according to manufactures instructions.
- Case Studies

#### 9. Career fields

With this programme, successful students could pursue a career as a Hair Stylist.

#### 10. Certification

On successful completion of the short programme, the student will receive a Dermatech Short Programme Certificate in Hair Colouring Service.
