

2019 FACT SHEET AND PLANNER

DERMATECH (PTY) LTD

Short Learning Programme Title
Threading

1. Type of Programme

- Short Learning Programme (SLP)

Short programmes upgrade skills and knowledge to ensure success in a chosen field of learning, but are not credit bearing.

2. Description

The Short Programme in Threading provides the student with the knowledge and skills to apply the correct technique with thread to create the perfect brow shape.

The purpose of the Short Programme is to equip the student to work in the Health and Skincare industry as a professional Threading Technician. It is an ideal short course to add on for nail technicians, hairdressers and make-up artists. It will upgrade the skill of an individual that works in a Salon or Spa environment. This is a very unique proficiency that is growing and very in demand.

3. Admission requirements

- Knowledge, comprehension and application of English language and Mathematical literacy at Grade 10 or equivalent.
- Admission may be subject to an interview with an academic staff member.

4. Duration

The programme duration is 15 total hours, including practical, theory and case studies. Theory is completed in a self-study manner, while practical training is face to face and case studies are completed in a private capacity. Case studies need to be completed within 2 months from course completion. Dermatech tuition is scheduled at specific times of the year. Programmes are offered during week days. After successful completion of the assessment, certification will take place.

5. Textbooks and study material

All prescribed material and kit is included. A list of student material and textbooks if necessary will be provided by Dermatech campus academic department.

6. Pricing

Enquire at your nearest Dermatech campus for a current programme pricelist.

7. Additional costs

Students must make provision for additional items such as optional kit or stationary if not included.
